CAMPUS CENTER CONSTRUCTION FOR WINTHROP UNIVERSITY IN ROCK HILL, SC

H47-9533-GW

REQUEST FOR INFORMATION

PRE-QUALIFICATION
OF GENERAL CONTRACTORS

Notice is hereby given that Winthrop University has determined that all bidders on Campus Center construction must be pre-qualified prior to submitting a bid.

The scope of the project is construction of a building of approximately 118,000 square feet. In addition to the building, there will be a covered connector between the Campus Center & the recently completed Lois Rhame West Center. Also included are outdoor plazas & a campus green. Program space includes a bookstore, student life administration offices, University post office, student government offices, residence life offices, meeting & conference rooms, a 230-seat movie theater, 400-seat banquet hall, food court & study / lounge areas.

The estimated construction budget for the project is \$25,500,000. Construction is expected to start in the first quarter of 2008 & last approximately 19 months.

Construction disciplines required for the project include, but are not limited to, site-work, concrete, masonry, metals, wood & plastics, thermal & moisture protection, doors & windows, specialties, equipment, furnishings, fire protection, elevators, plumbing, mechanical, electrical & audio-visual.

It is mandatory that all contractors who desire to submit a bid shall fully complete a pre-qualification questionnaire, provide all materials requested, & be approved by Winthrop University to be on the final qualified bidders list. No bid will be accepted from a contractor who has failed to comply with these requirements. If two or more business entities submit a bid as part of a joint venture, or expect to submit a bid as part of a joint venture, each entity with the joint venture must be separately qualified to bid. Contractors are encouraged to submit pre-qualification packages as soon as possible, so that they may be notified of their

pre-qualification status well in advance of the bid advertisement for this project.

Answers to questions contained in the questionnaire, information about current bonding capacity notarized statement from surety, & the most recent reviewed or audited financial statements, with accompanying notes & supplemental information, are required. Winthrop University will use these documents as the basis of rating responding contractors. Winthrop University reserves the right to check other sources available & to incorporate that information into Winthrop's final decision.

Winthrop reserves the right to adjust, increase, limit, suspend or rescind the pre-qualification rating based on subsequently learned information. Contractors whose rating changes are sufficient to disqualify them will be notified & afforded the opportunity to submit mitigating information. The agency's decision on such matters is final.

While it is the intent of the pre-qualification questionnaire & documents required therewith to assist Winthrop University in determining bidder responsibility prior to bid & to aid Winthrop in selecting the lowest responsive & responsible bidder, neither the fact of pre-qualification, nor any pre-qualification rating, will preclude Winthrop from a post-bid consideration & determination of whether a bidder has met the standards of responsibility.

Interested parties may obtain an information packet containing the Contractors Questionnaire & submittal requirements from:

Mr. Walter A. Hardin
Associate Vice President, Facilities
2040 Alumni Dr.
Winthrop University
Rock Hill, SC 29733
(803) 323-2261
hardinw@winthrop.edu

Completed pre-qualification packages are to be sealed, marked "Confidential," & submitted to Mr. Walter A. Hardin at the above address no later than 5:00 pm, Friday, August 31, 2007.

The pre-qualification packages submitted are not public records & are not open to public inspection. All information provided will be kept confidential to the extent permitted by law. However, the contents may be disclosed to third parties for purposes of verification, or investigation of substantial allegations, or in any legal proceeding. The names of contractors applying for pre-qualification status shall be public record subject to disclosure, & the first page of the questionnaire will be used for that purpose.

Each questionnaire must be signed under penalty of perjury in the manner designated at the end of the form, by an individual who has the legal authority to bind the contractor

on whose behalf that person is signing. If any information provided by a contractor becomes inaccurate, the contractor must immediately notify Winthrop University & provide updated accurate information in writing, under penalty of perjury.

Winthrop University reserves the right to waive minor irregularities & omissions in the information contained in the pre-qualification application submitted, to make all final determinations, & to determine at any time that the pre-qualification procedures will not be applied to a specific future project.

Contractors may submit pre-qualification packages during regular working hours on any day that the offices of Winthrop are open. Office hours are 8:30 am to 5:00 pm, Monday through Friday. Contractors who submit a complete pre-qualification package will be notified of their qualification status no later than ten business days after close of receipt of submittals.

In its sole judgment Winthrop may refuse to grant pre-qualification where the requested information & materials are not provided, incomplete or found to be false. The bid date will not be changed in order to accommodate supplementation of incomplete or late submissions.
